

# How to create legal entities in Storecove?

Storecove creates a username and password for your Sandbox or Production environment to be used by Company

1. Log in to the Storecove site to create a new LegalEntityID for the customer you want to onboard.

The screenshot shows the Storecove login interface. At the top left is the Storecove logo. In the center is the heading "Login". Below this are two input fields: the first is labeled "E-mail address" with a person icon, and the second is labeled "Password" with a lock icon. Below the password field is a checkbox labeled "This is a private computer, keep me signed in" which is checked. To the right of the checkbox is a blue "Login" button. Below the button is the text "Forgot your password?" followed by a link "Click here to reset your password."

2. After login, navigate to “Integrator -> LegalEntities”. Click on the button “Create new sender”.

4. You should now see the new legal entity created. The example below shows the **company name, legal entity ID, and validation status highlighted.**

The screenshot shows the 'Senders' page in the Storecove interface. A red box highlights the 'ID: 2791' in the 'Package' section. Another red box highlights the 'EXAMPLE\_COMPANY' in the 'Sender Production' section. A third red box highlights the 'Validation succeeded' status in the 'Peppol Identifiers' section. A blue arrow points to the 'ID: 2791' box. The page includes a 'Create new sender' button at the bottom left.

Package	Sender Production	EXAMPLE_COMPANY	Peppol Identifiers
Unit 1101 Level 1 Tower Test Street 123 Damansara Utama 4740	ce8c69894e6db4061a1d51fe1ba4@example.com 211: Integrator Party	MY:EIF01202401654321 MY:TINLE987654321 MY:SSTW12345678909876	Validation succeeded

5. Next, you need to create an API key for the newly created company. Navigate to the **"Integrator"** menu, select **"API Keys,"** and click the highlighted button **"Create New API Key."**

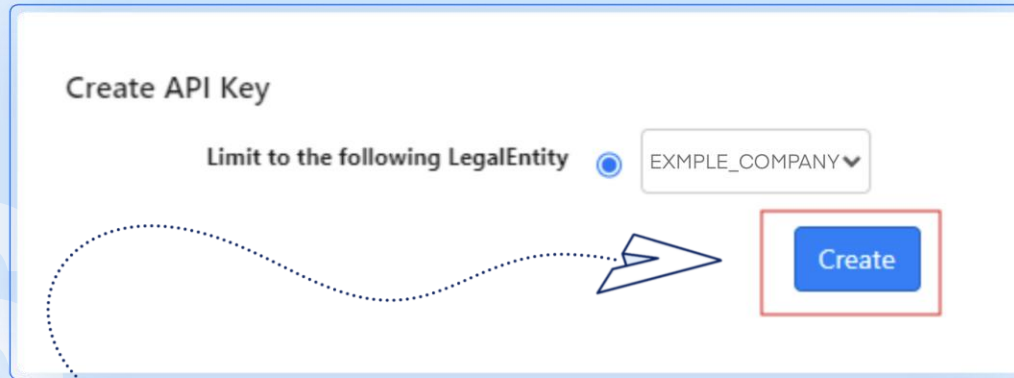

The screenshot shows the 'API keys' page in the Storecove interface. A red box highlights the 'Create New API Key' button at the bottom left. A blue arrow points to this button. The page displays a table of API keys with columns for 'Access rights', 'API Key', and 'Actions'. The first row shows 'Integrator Master Key. Only for managing LegalEntities.' and the second row shows 'Individual Company'.

Access rights	API Key	Actions
Integrator Master Key. Only for managing LegalEntities.	.....	[Copy] [Delete]
Individual Company	.....	[Copy] [Delete]

Limit to LegalEntity279153 :  
EXAMPLE\_COMPANY

[API Documentation](#)

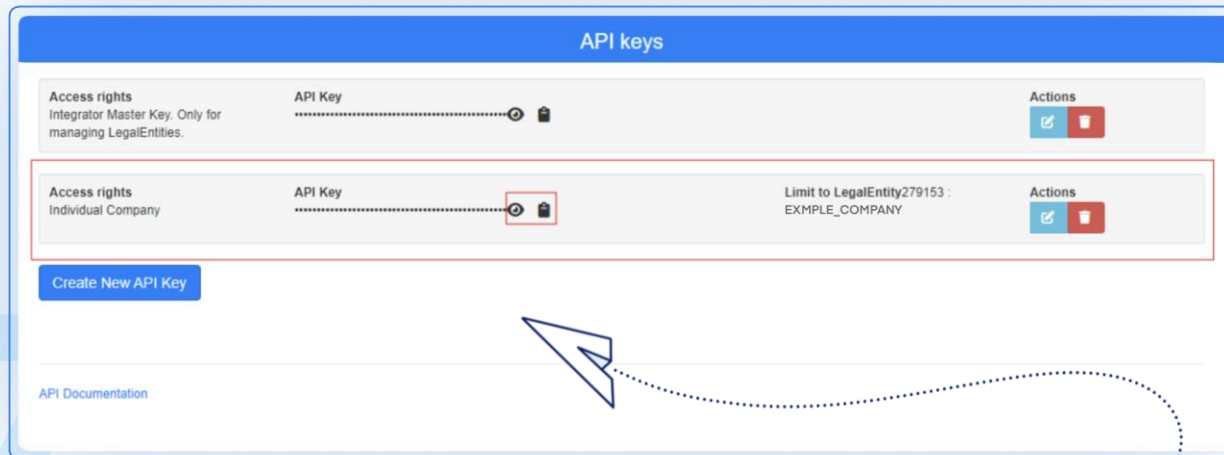

6. A new dialog box will appear as shown below:

The dialog box is titled "Create API Key". It contains a label "Limit to the following LegalEntity" followed by a radio button and a dropdown menu. The dropdown menu is open, showing "EXMPLA\_COMPANY" with a downward arrow. A blue "Create" button is located at the bottom right. A red rectangle highlights the "Create" button. A dotted arrow points from the "Create" button to the "Limit to the following LegalEntity" label.

Select the newly created company from the dropdown and click the "Create" button.

7. Choose the newly created company from the dropdown and click the "Create" button.

The screenshot shows a table titled "API keys". The table has three columns: "Access rights", "API Key", and "Actions". The first row has "Integrator Master Key. Only for managing LegalEntities." in the "Access rights" column, a masked API key in the "API Key" column, and a "Create" button in the "Actions" column. The second row has "Individual Company" in the "Access rights" column, a masked API key in the "API Key" column, and a "Limit to LegalEntity279153 : EXMPLA\_COMPANY" in the "Actions" column. A red rectangle highlights the second row. A blue "Create New API Key" button is located below the table. A dotted arrow points from the "Create New API Key" button to the "Create" button in the first row.

The API key can then be viewed using the eye icon and copied using the clipboard icon.
