

A functional **ERP system** or accounting software service

**External Integrator** or in-house developers with RESTful JSON experience

**Time available for implementation**  
(1 - 6 weeks)

## How to get started?

API documentation

Sandbox test environment

**API Support:**  
[apisupport@storecove.com](mailto:apisupport@storecove.com)

Request a Storecove test account

Send and receive compliant e-invoices

- 1 Request a sandbox [testing account](#).
- 2 Create your own API key and start testing in the sandbox developer mode.
- 3 Your production account is activated as soon as the signed contract is received.
- 4 You can now start sending and receiving e-invoices.
